## CONCEPT OF LOGO

There has been a **constant evolution of concrete as a material**, adapting to the constant development and change in methods of construction and technology.

This has only been possible due to the **changing perspectives** and baring attitude of innovation for excellence.

This '**Deminar**' (**Dem**onstration + Sem**inar**) is one more step towards looking and relooking this popular material through different lenses, through different point of views of different experts from all over the world, keeping process of evolution for excellence alive.

The **eye** is a **symbol of observation**, the changing perspective and a grasp of **panoramic view** of the ever evolving concrete world.

# **Demonstration + Seminar = Deminar**

**Exhibition cum Conference,  
Concrete Panorama and  
Deminar**

**One of the best training and professional development , where national & international experts from the country and across the globe will share innovative topics and live demonstrations with attendees.**
