

## HIGH PERFORMANCE FLOORING SYSTEM - ARDEX ENDURA INDIA PVT LTD

Company Presentation

Presenter : Mr. Venkatesh N – Sr.GM – Industrial and Infra division

[www.ardex.com](http://www.ardex.com) [www.ardexendura.com](http://www.ardexendura.com)

As one of the leading building material manufacturers, the ARDEX Group is represented in over 50 countries.

## AT A GLANCE:

**1949** Founded

**3,291** Employees

**829 mEUR** Revenue

**44** Production Facilities

**59** Subsidiaries

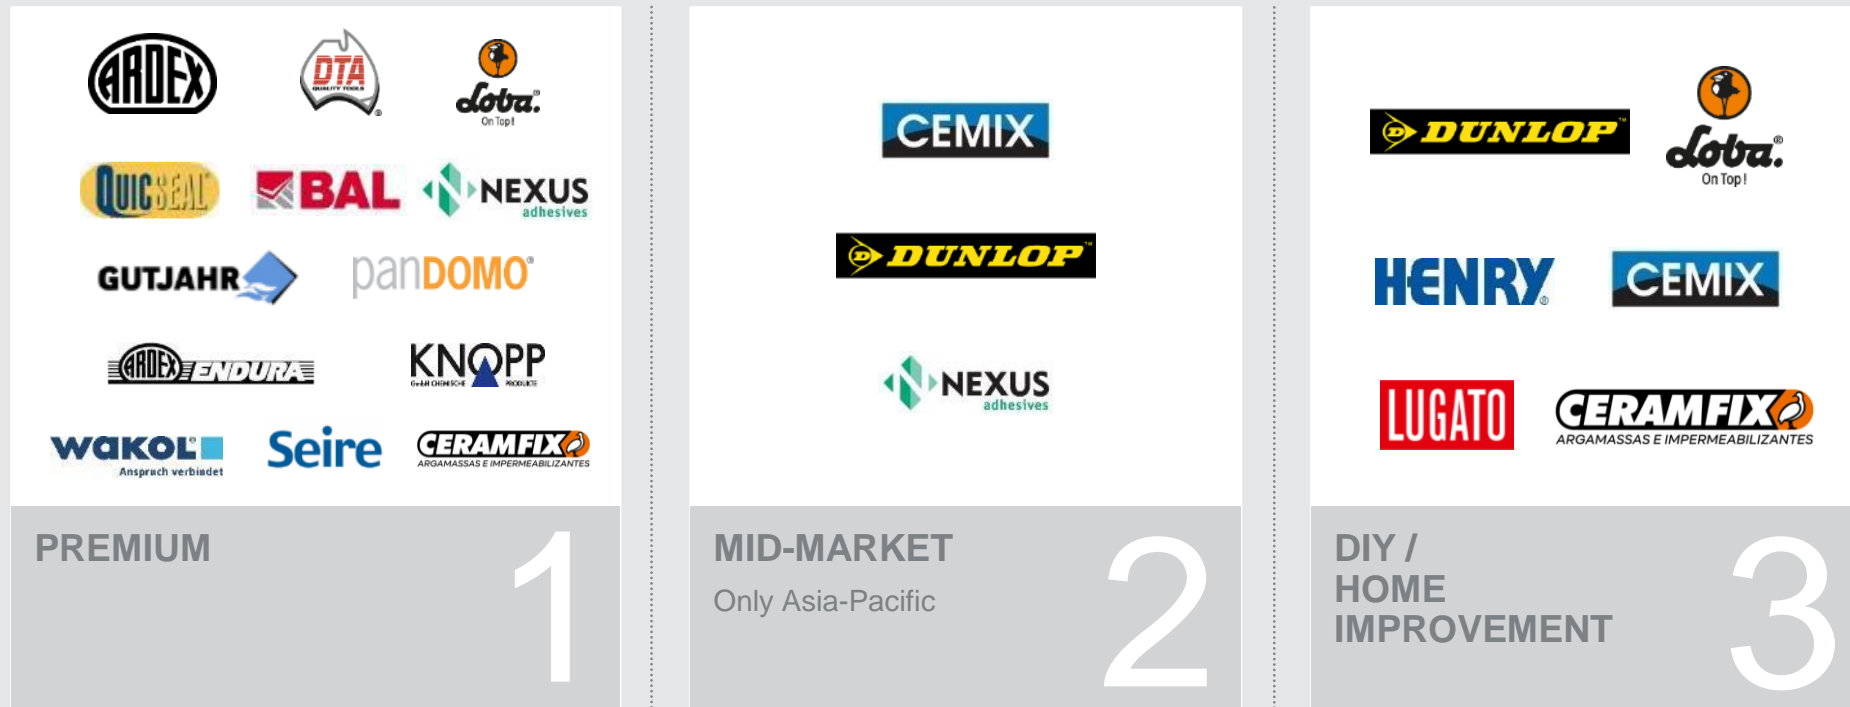

More than  
**18**  
successful  
brands

More than  
**2,400**  
different  
products

More than  
**25**  
product  
categories

# Our brand portfolio covers a wide range from professional usage to DIY

## ARDEX Group

## BRANDS

With its well-known brands, the ARDEX Group is a global market leader in the building trade.

The idea of the ARDEXacademy is to permanently share our knowledge and expertise with customers.

50,000 participants per year

Know-How  
and sales skills

Technique

Application excellence

**ARDEXacademy**  
TRAINING EXCELLENCE

Our worldwide ARDEXacademy offers 1,500 events per year.

A winning combination of best products and systems with a first-class training concept.

# ARDEX present in India as ARDEXENDURA

## AT A GLANCE (2021):

**332** Employees

**7** Production Facilities

**31** Branch Offices

**1800+** Retail network

**6000+** Sub Dealers

SAP – ERP  
Operating  
Platform

State of the art  
Training centre

Well equipped  
R&D lab

55,000 Tons  
capacity annually

We focus on FIVE product categories and ensure superior quality and reliability.

Core product categories

TILE & STONE INSTALLATIONS

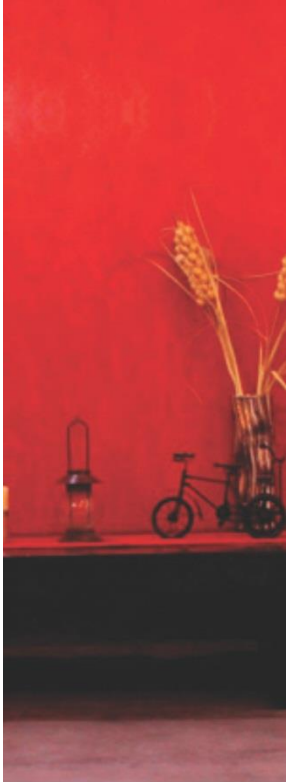

WATERPROOFING SYSTEMS

FLOORING SOLUTIONS

CONCRETE REPAIR, ANCHORS & GROUTS

DECORATIVE FINISHES

# R70CP Medium Duty PU Screed

## Application areas

- Textile and Film plants
- Food and Beverage production
- Warehousing and storage
- Confectionery production
- Electronic component manufacture
- Pharmaceutical industries
- Chemical Plants

Specialist applied, polyurethane resin floor finishes, combining outstanding wearing properties with high chemical resistance and pleasing decorative properties.

Ideally suited in aggressive areas where a seamless, joint free finish is required and maximum cleanliness is essential.

Factories and general heavy duty plant and traffic areas are just some of the environments that can benefit from this tough, chemically resistant system.

## INDUSTRIAL FLOORING SOLUTIONS

# R70CP System in Factories

## Heavy movement

**INDUSTRIAL FLOORING SOLUTIONS**

Phoenix Solar, Greater Noida  
**4 mm R70CP 5500M2**

# R70 CP System in Food Processing

Jubilant Foods (Domino's  
pizza) Nagpur, Guwahati,  
Hyderabad  
**6 mm R90CP**

## INDUSTRIAL FLOORING SOLUTIONS

# R70CP System for low temperatures requiring high skid resistance

**INDUSTRIAL FLOORING SOLUTIONS**

# R90CP Heavy Duty PU Screed

## – APPLICATIONS

- Meat ,Fish & poultry unit
  - Food & beverage plants
  - Dairies, cheese and milk plants
  - Cold rooms, chillers & freezers
  - Pharmaceuticals plants
  - Chemical Plants
- 
- @9mm- 120°C                      -45°C
  - @4mm- 60°C                         -15°C

Ideally suited to aggressive areas where a seamless, joint free finish is required and maximum cleanliness is essential.

Food processing and storage, abattoir's, drinks production, dairies and general heavy duty plant and traffic areas are just some of the environments that can benefit from this slip resistant system.

R 90 CP has been formulated to withstand thermal shocks on the floor

## INDUSTRIAL FLOORING SOLUTIONS

# R90 CP System for Steam Cleaning

# High Performance Epoxy Flooring systems

- 0.5mm – 1mm
- High gloss
- Solvent free
- Medium duty

- 1-4mm
- Solvent free
- Medium duty floor

- 1-2mm
- Antistatic -ESD conductive
- Medium duty floor

# High Performance Epoxy Flooring System

Yamaha, Greater Noida  
R25CE – 2 mm  
**30000 sqm**

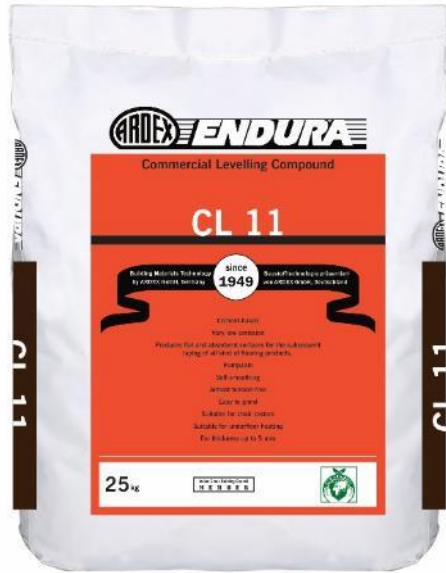

# High Performance Epoxy Flooring System

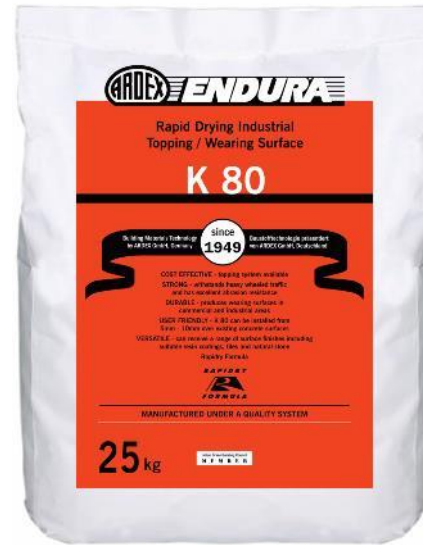

# Cementitious products

- Self levelling products

- 2-5mm
- Commercial grade
- underlay for resilient floorings

- 4-10mm
- Industrial grade
- Rapidry formula
- Internal hard wearing floor

- 4-10mm
- Industrial and driveway grade
- Internal and external hard wearing floor

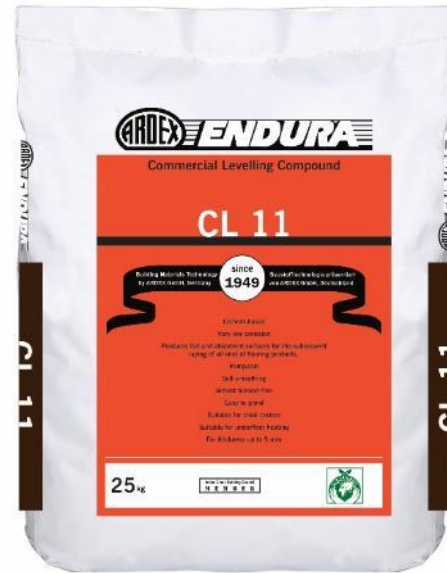

# Cementitious smoothing/Self leveling compounds

Without  
smoothing compound

With CL11  
Smoothing  
compound
