OBJECTIVES :

- Promote growth of concrete construction and its sub-specialization.
- To disseminate information and train personnel by organizing seminars / conferences / workshops
- Training programs for Fellow Members / Students and Corporate
- Collaborate with National / International Agencies
- Identify R & D problems of practical relevance.
- Arrange National and International Workshops, Conferences, Seminars, Deminars & Exhibitions
- Arrange Annual Lecture series on selected topics of relevance to Concrete Constructions
- To identify and recognize outstanding construction and outstanding performers in the field of Concrete Technology / Construction.

Important Events & Programs from ICI (BENC)

- Monthly technical lectures, Endowment Lectures, National Workshops and Conferences.
- ICI (BENC) was the first to organize ICI (Innovative World of Concrete) in 1993, ICI ACECON in 2000.
- ICI (BENC) is the first centre among all the centres of ICI in India to start Concrete Panorama and Deminars (from 2009 till date)
- Training modules on Concrete and Concrete Technology for various organizations and Institutions. These programs are conducted throughout the year to cater for the specific needs of the organizations concerned.

Concrete Days Celebrations

Indian Concrete Institute (Bengaluru Centre) celebrate concrete day on 7th September.

Every year this event is celebrated in a grand and befitting manner.

Every year during the Concrete Day Celebrations, ICI (BENC) in association with Ultratech Cements Limited recognizes outstanding and innovative structures built using concrete as main construction material and also identify and honour an individual who has worked for the cause of Concrete and rendered significant contributions to the research, development and application of concrete.

The 5 prestigious awards instituted and given away during the Concrete Day Celebrations are :

- ICI (BENC) - Ultratech Award for Outstanding Concrete Engineer / Technologist and Young Engineer of Karnataka
- ICI (BENC) - Birla Super Award for Outstanding Concrete Structure of Karnataka
- ICI (BENC) - UltraTech "Well Built Residential Awards for Districts"
- ICI (BENC) - UltraTech Award for Outstanding Student Chapter
- ICI (BENC) - UltraTech Awards for Outstanding Thesis: Masters / Doctoral

Way ahead

- To reduce CO2 emissions
- A) Reduce concrete usage...by reduction of thickness of members,HSC,HPC.
- B) Use less Binder material especially OPC.
- C) Use Supplementary Cementitious materials
- D) Use High Performance Chemical admixtures
