

Industry Institute Interaction Series-I

ICI-BLC and SK STEEL TECH-India

On Saturday, 11-02-2017 at Bangalore City Institute, Bangalore

Interaction with all the HOD's and Faculty Coordinators of ICI Student chapters Indian Concrete Institute, Bangalore Centre will strive to reduce the gap between industry and academia by interactions with the industry experts. Focus on quality in all the areas is the need of the day. To facilitate this, we have formed focused KBC working groups. These working groups will be functioning as per the guidelines of the advisory Board.

SK STEEL TECH, India has joined hands with ICI Bangalore Centre to promote best practices. In this connection SK STEEL TECH, India is hosting an Industry-Institute Interaction Program.

Agenda:

- Finalisation of Student chapter activities for Concrete Deminar
- Quality Council of India's R M C P Certification Scheme
- Distribution of BIS Code posters to student chapters
- Presentation by SK STEEL TECH, India
- Long term engagement programs with SK STEEL TECH, India.
