About

Indian Concrete Institute (ICI)

About the Indian Concrete Institute (ICI) Established on 7 September 1982, the Indian Concrete Institute (ICI) is India's premier professional body dedicated to advancing excellence in Concrete Technology, Construction, and the Built Environment. ICI brings together 16,000+ professionals through 50+ Centres across India, supported by 400+ Corporate Members representing the entire construction ecosystem—industry leaders, concrete technologists, consultants, contractors, cement manufacturers, material suppliers, applicators, architects, engineers, academicians, researchers, educational institutions, and policymakers. Committed to nurturing the next generation, ICI has established 320+ Student Chapters across engineering and architecture institutions, engaging over 3,000 students nationwide. Through conferences, seminars, workshops, technical training, publications, and outreach programmes, ICI actively promotes quality construction practices, technological innovation, sustainability, and professional excellence. The Institute maintains strong international collaborations with leading organisations, including the Asian Concrete Federation, Singapore Concrete Institute, and the Concrete Institute of Australia. ICI publishes a peer-reviewed quarterly technical journal and is renowned for its flagship events, including DEMINAR (Demonstration & Seminar) and the prestigious Annual Concrete Day Awards, both recognised as landmark events in India's construction and infrastructure sector. More information about ICI can be accessed at: www.icikbc.org or www.indianconcreteinstitute.org

About

UltraTech Cement Limited

UltraTech Cement Ltd. is the largest manufacturer of grey cement, Ready mix concrete (RMC) and White cement in India. It is also one of the leading cement producers globally. UltraTech as a brand embodies 'strength', 'reliability', and 'innovation'.

It has a consolidated capacity of 205.5 Million Tonnes Per Annum (MTPA) of grey cement. UltraTech Cement has 34 integrated plants, one clinkerisation plant, 36 grinding units and 10 bulk terminals. Its operations span across India, UAE, Bahrain and Sri Lanka. UltraTech Cement is also India's largest exporter of cement reaching out to meet the demand in countries around the Indian ocean and the Middle East.

With 465 ready mix concrete (RMC) plants in 167 With its significant presence in grey and white cement, concrete, building products and building solutions, UltraTech is a one-stop shop for all primary construction needs. Its meteoric rise as the largest cement brand in India reflects the organisation's focus on cutting edge technology, research and technical services.
