
INDIAN CONCRETE INSTITUTE
BENGALURU CENTRE, KARNATAKA

ICI Bengaluru Centre - Webinars
REPORT : Series-01
From April2020 to June2020

INDIAN CONCRETE INSTITUTE
BENGALURU CENTRE, KARNATAKA
WEBINAR PROGRAMMES-APRIL 2021

WEBINAR SERIES -1 : on Wednesday 29th April 2020

WEBINAR INVITATION

INDIAN CONCRETE INSTITUTE

Bengaluru Centre

is hosting a Webinar

on 29th April 2020 at 11.00 AM to 12.30 PM

The Topic of the Webinar is

CONSTRUCTION INDUSTRY
Post COVID19-Issue and Challenges

Curator

Er Madhukar B A

Managing Director-
M/s Potential Project Managers Pvt Ltd

consented to participate in the above webinar

PANELISTS

Mr. Raj Pillai

Managing Director,
M/s. Starworth Infrastructure
& Construction Ltd, Bengaluru

Dr. Aswath M U

Principal, Bangalore Institute of
Technology, Bengaluru.

Mr Shashidhar

Managing Director
Cicon Construction Pvt Ltd

Request to register for the Webinar on

Construction Industry is going through tough times due to current Lockdown conditions across the country due to COVID 19. This kind of situation is never heard of in the history of Mankind. Construction Industry is the second largest employer of manpower after agriculture in our country. The expert panellists from the construction Industry will discuss on the various issues and challenges the industry will face post COVID-19

INDIAN CONCRETE INSTITUTE BENGALURU CENTRE, KARNATAKA

WEBINAR SERIES -2 : on Tuesday 5th May 2020

WEBINAR INVITATION

INDIAN CONCRETE INSTITUTE

Bengaluru Centre

in association with

FOSROC

FOSROC Chemicals India Pvt Limited

is hosting a Webinar

on 5th May 2020, Tuesday at 11.00 AM to 12.30 PM

The Topic of the Webinar is

EXPERT LECTURE ON

Latest Trends & Technologies In Waterproofing

Eminent Speaker

Er. Nagaraj Siddaramappa

Sr. Manager, M/s. FOSROC chemicals India Pvt Ltd

Nagaraj BS started his professional carrier with Mysore Construction company Ltd Bangalore as Site Engineer in year 1991 & spent initial seven years in construction industry wherein associated with various companies for construction of Thermal power projects, Hydel power projects, Steel plant & Pavements for container corporation of India, served at various capacities while executing at construction projects.

Later Joined Fosroc India in 1998, since then he worked in various capacities as Spec Manager, Business development, Product management, sales management. Presently working as part of Marketing team as Sr. Manager Waterproofing, Sealants & Anchoring System for Fosroc India.

WEBINAR INVITATION

INDIAN CONCRETE INSTITUTE
Bengaluru Centre

in association with

JSW Cement Limited

is hosting a Webinar

on 8th May 2020 ,Friday at 3.00 PM to 5.00 PM

Moderator :

Dr L.R.Manjunatha

Honorary Chairman, Indian Concrete Institute-Bangalore Centre and
AVP, JSW Cement Limited

The Topic of the Webinar is

**Achieving Sustainable Concrete through
use of Mineral Admixtures**

**Topic: Role of Mineral admixtures in design of
sustainable Pavement Quality Concrete**

Dr Binod Kumar

Sr Principal Scientist, Regid Pavement Division
Central Road Research Institute

**Topic: Enhanced Chloride resistance of
Concretes with Mineral Admixtures**

Er. Yuvaraj Dhandapani

Senior Research Scholar
IITM

**Topic: Enhanced Service lives of
Concrete with Mineral Admixtures**

Dr. Radhakrishna Pillai

Associate Professor-
IIT-Madras

**Topic: Concrete Durability and Sustainability
with slag based products**

Er. Lopamudra Sengupta

Vice President and Head Technical,
JSW Cement Limited

Supporting Organizations

VISION OF THE DEPARTMENT
To be one among the top notch Civil Engineering Departments in India, create Centre of Excellence, to provide globally competent Civil Engineering graduates serving the needs of the society and sustainable development.

MISSION OF THE DEPARTMENT

M1: To create atmosphere for teaching and continuous learning, research, consultancy and developmental activities, through excellent teaching, re- search and state-of-the-art infrastructure.

M2: To impart professionalism among students, through Industry Institute interaction.

M3: To imbibe leadership quality, professional ethics, environmental consciousness and social responsibilities, to serve the society through co-curricular and extra-curricular activities.

VISION OF THE DEPARTMENT

To be one among the top notch Civil Engineering Departments in India, create Centre of Excellence, to provide globally competent Civil Engineering graduates serving the needs of the society and sustainable development.

MISSION OF THE DEPARTMENT

- M1:** To create atmosphere for teaching and continuous learning, research, consultancy and developmental activities, through excellent teaching, re- search and state-of-the-art infrastructure.
- M2:** To impart professionalism among students, through Industry Institute Interaction.
- M3:** To imbibe leadership quality, professional ethics, environmental consciousness and social responsibilities, to serve the society through co- curricular and extra-curricular activities.

EXPERT LECTURE ON

**“Art of Projecting Research Proposals in the Thrust Areas of Engineering
& to Obtain R&D Grants from Various Organisations”**

Eminent Speaker

Dr. Ramaraju H K

Professor & Head,
Department of Civil Engineering
Dayananda Sagar College of Engineering, Bengaluru.

Dr. Ramaraju.H.K.(54), Graduate in Civil Engineering, Post Graduate in Environmental Engineering and Ph.D in Civil-Environmental Engineering from University Visveswaraya College of Engineering (UVCE), Bangalore, he has published/presented 114 research papers in National /International Journals/Seminars and Edited 7 technical volumes. He has been honored with **Sir M.Visveswaraya Prathibha Puraskar** in the year 2000 by Engineers Association, Bangalore. He is a recipient of **Rajiv Gandhi Parisara Prashasti** (Award for excellence in environment -related work) with cash prize of rupees one lakh from Government of Karnataka on 5th June 2005. Indian Water Works Association awarded: **Brijnandan Sharma Award** for the services in water /waste water field at 40th Annual Convention held at Indore , Madhya Pradesh. Dr. Ramaraju worked as Water Quality, R & D Expert to the Rural Development & Panchayath Raj Department, Govt. of Karnataka. He was a Faculty of Engineering-Civil, **University Visveswaraya College of Engineering (UVCE)**, Bangalore University and also he was the professor at **SJB Institute of Technology**, Bangalore. Presently he is at **Dayananda Sagar College of Engineering** as a Professor and Head of Civil Engineering. His Research projects are funded by AICTE, UGC,VTU, MoES, MoS- KIOCL & ISRO, Rural Development & Panchayath Raj Department, Vision Group/DST amounting to Rs 1.45Crore +) on E-waste management & Municipal Solid Waste.

The Topic of the webinar is
**“Use of Admixtures in Sustainable
Concretes”**

Eminent Speaker
Er. V R Kowshika
Director, QCRETE, Readymix (India), Pvt. Ltd.

Er V.R. Kowshika is a Civil Engineering Graduate from P.E.S. College of Engineering Mandya. Also holds MBA degree from Alliance Business School Bangalore. He has completed Concrete Technology course from City and Guilds, LONDON. For last 30 years he worked in the field of Concrete Admixtures, Construction chemicals and also in various positions in readymix concrete. He also worked 4 years in Oman, Saudi Arabia in the field of Readymix concrete, Construction Chemicals. He has published many articles in many Engineering journals, magazines on various aspects of Chemical Admixtures. He has been actively involved in training Technical and sales team, involved in spreading awareness on materials for concrete, concrete technology through lectures in various concrete forums ,institutes like NCBM,ISCI etc. He has worked extensively in practical applications of various kinds of SCMs, Admixtures and was responsible for commercialization of blended concretes . He also worked in the field of very low cement content mixes(based on triple blends),and studied the durability aspects before commercialization of such Techno-Economical mixes. He worked as General Director-Marketing and Technical ,ECMAS Construction Chemicals Pvt Ltd. He also worked as General Manager- RMC Readymix(India) Pvt Ltd. He is currently working as Director for QCRETE Readymix (India)pvt Ltd, Bangalore, India.

is hosting a

ICI - INTERNATIONAL WEBINAR

on 30th May 2020, Saturday at 3.00 PM to 5.00 PM (IST)

The Topic of the Webinar is

New Innovations and Material Systems for HIGH PERFORMANCE CONCRETES

CONCRETE – is the most consumed material in the World, next only to water. Today, large scale Construction projects cannot be thought of without Concrete. The Olympic motto of "Higher, Faster, Stronger" seems to be exactly similarly to the performance demand of Concrete today. As buildings 'grow' taller and projects become bigger, the Construction Industry professional's goal is to provide best-in-class construction materials. Materials that meet the ever perpetual need of time-cost-quality-environment-safety and also have characteristics precisely addressing the changing dynamics of locational requirements are the need of the hour. **HIGH PERFORMANCE CONCRETE**, HSC in short, is that material which precisely meets all these aspirations and more. What's more, HSC offers itself to innovation and upgrade.

HIGH PERFORMANCE CONCRETE is the Smart Material of today. All Stake holders in any Construction project necessarily need to have proper understanding of this agile and versatile material as well as understand the immense intrinsic advantages that provides. To ensure that maximum benefit accrues by adopting, one also needs to have a proper understanding of Design, preparation and placing of this amazing material.

Keynote Speaker for the Webinar

Topic: Ultra-High-Performance Concrete (UHPC) Technology

Dr. Sudharshan Raman,
Associate Professor, Universiti Kebangsaan Malaysia (UKM); and President, American Concrete Institute - Malaysia Chapter

Dr. Sudharshan N. Raman is a structural engineering academic, with expertise in structural resilience, and concrete engineering and technology. At present, he is an Associate Professor in the Faculty of Engineering and Built Environment of Universiti Kebangsaan Malaysia (The National University of Malaysia), and the President of the Malaysian Chapter of the American Concrete Institute (2018 - 2020 term). Dr. Raman completed his PhD at The University of Melbourne, Australia in 2011 with a focus in structural engineering and infrastructure protective technologies.

At present, he is also a Committee Member of the Civil & Structural Engineering Technical Division of the Institution of Engineers, Malaysia (IEM); a Council Member of the Concrete Society of Malaysia (CSM), and an Associate Member in two American Concrete Institute (ACI) Technical Committees. Dr. Raman is a Fellow of the Chartered Association of Building Engineers (CABE), UK; a Member of the American Society of Civil Engineers (ASCE); a Member of the American Concrete Institute (ACI); and a Graduate Member of the Institution of Engineers, Malaysia (IEM).

Eminent Speakers for the Webinar

Topic: Urban Concrete-Requisites and Remedies (Chemistry for Construction)

Er. Shivram B Bagade, General Manager Sales-BASF, Singapore and Brunei

Mr. Shivram Bagade holds a Bachelor in Civil Engineering from the Siddaganga Institute of Technology, Tumkur India. He has 16+ years of experience in the field of cement, concrete and construction chemicals. Mr. Bagade has been awarded as 'YOUNG SCIENTIST OF INDIA' by Indian Concrete Institute in Sept 2012, for his valuable contribution to the Indian cement and concrete industry in short span of his career. Mr. Bagade is actively associated with professional organizations like Indian Concrete Institute and Association of Consulting Civil Engineers (India). He was a member of Managing Committee of the ICI-KBC during 2005-2010. He was Board of Director to the American concrete Institute, KL Chapter, Malaysia during 2014. His area of interest is to develop innovative techniques and concepts which will make cement, concrete and construction Sustainable and Green using advancements in construction chemicals. Shivram Bagade works for BASF, the German multi-national company and was based in India, China and Malaysia where he worked in various positions.

Topic: Blast resistance Concrete -A new Concrete in Making

Dr. Mohammed Alias Yusuf, Associate professor-National Defence University, Malaysia

Dr. Mohammed Alias Yusuf is an Associate Professor in the Department of Civil Engineering, Universiti Pertahanan Nasional, Malaysia. He graduated with B. Eng (Hons) degree in Civil Engineering from Universiti Teknologi Malaysia (UTM) in 2002, a MSc. degree in Integrated Construction Project Management from Universiti Teknologi Mara (UTM) in 2005 and PhD degree in Civil Engineering from Universiti Pertahanan Nasional Malaysia in 2013. He is a Professional Engineer registered with the Board of Engineer Malaysia. His main research interests are in the blast resistant materials such as concrete, glass, and also military and commercial explosives. In 2017, he has been awarded a Distinguished Scientist by Venus International Foundation, Chennai, India for his valuable contribution in the field of blast resistant materials and civil engineering. Dr. Mohammed Alias Yusuf is author of "Blast Resistant Materials: Concrete and Glass", book. This book focus on the introduction to explosive technology, blast phenomena, blast resistant concrete and glass.

Start Strong. Grow Stronger.

Jointly organising a National Webinar on
6th June 2020, Saturday at 10.00 Am to 11.30 Am

The Topic of the Webinar is

**Transforming Construction with 3-D Concrete
Printing Technology**

By

Dr. Biranchi Panda
Assistant Professor
Department of Mechanical Engineering,
IIT, Guwahati

Biranchi Panda is an Assistant Professor of Mechanical Engineering at Indian Institute of Technology Guwahati (IITG). He completed his PhD from Nanyang Technological University, Singapore on 3D concrete printing with focus on material rheology, formulation and characterisation using sustainable polymer materials. He has been involved in 3D printing research for around 7 years including system design as well as developing printable polymers, composite materials. His current research focus on developing additive manufacturing process to print sustainable and functional composites and alloys, designed by multi-physics computational tools, and manufactured by multi-material 3D printing, concrete 3D printing, 4D printing.

Fundamentals of Geopolymers

By

Dr. Radhakrishna

Professor & Head,

Department of Civil Engineering, RVCE, Bengaluru

Dr. Radhakrishna is an academician having ample research exposure in Concrete Technology with 25 years of teaching experience and guided seven PhDs. He has published several research/technical papers in Journals/conferences and delivered invited talk in Singapore, UAE and USA. He is a resource person to various organizations like CASUTEC, KPSC, SSC.NBA etc. Serving as Editor in Chief for i-Manager's Journal of Structural Engineering. He is a peer reviewer of various journals like Journal of Cleaner Production, Journal of Ceramic sciences, Indian Concrete Journal etc. He is Principal investigator of DST sponsored Project on nano-geopolymers. He is immediate past Secretary of Indian Concrete Institute, Bengaluru Centre. Also Fellow member of ACCE (I), Member of Institute of Engineers, Member of Kannada Sahithya Parishath etc. His areas of interest include Geopolymers, Rigid pavement, Nano materials etc.

ON
“FACTORS AFFECTING STRUCTURAL PROGNOSIS”

BY:
DR. M. N. HEGDE
Former Dean,
Dr. Ambedkar Institute of Technology, Bangalore

Dr. M. N. Hegde was a Professor of Civil Engineering, Dr. AIT Bengaluru. He is specialized in Structural Engineering. He has obtained PhD from Indian Institute of Science (IISc) Bengaluru. His research area is Structural dynamics, damage assessment of structures, residual life of structures, etc. He has guided 5 candidates for PhD degree under VTU, Belagavi. He had obtained short trainings at IIM Bengaluru & IIM Shillong. He had 36 years of teaching, research & consultancy experience. He was past secretary of ICI-KBC, past chairman of ACCE(I)-BLC, Dean (Academics). Specialized in OBE, ICT enabled online teaching, & worked for NBA, NIRF, NAAC.

TALK ON : “ENHANCEMENT OF STRENGTH, WORKABILITY & SLUMP RETENTION IN CONCRETE THROUGH OPTIMIZATION OF CEMENT CHARACTERISTICS & MINERAL ADMIXTURE”	
	By: Er. B S Biradar, CEMCON SOLUTIONS, Bengaluru
ABOUT: Er Biradar, MSc From Karnataka University, 1974 Joined ACC Research & consultancy Division during 1975 Mumbai and retired on 2010 March, Total service in ACC 35 years. During ACC Service worked in R&D Thane Mumbai, Overseas projects, Corporate Quality control, Marketing, training and Technical services departments. Guiding the plant on Quality optimization, consistency, training of Quality control and process people. Retired 2010 March: After retirement Joined as Group Technical Head for M/S Dangote Cement conglomerate (35 ML Tone Cap) Nigeria having operation in 9 countries. Training of man power, product development, etc. 2013 Back to India and started working as a consultant in the name of Cemcon solutions. 2013: Received award from ICI Bangalore center during year 2013 “Outstanding concrete technologist of the year.” Currently working as a consultant to many Indian & African cement plants. In addition, adviser to M/S Mapei PLC, for Grinding aid formulation to their R& D center Milan, Italy. Services to cement Industry: : Raw mix design, Enhancement of Clinker reactivity / early strength / Fly ash & slag absorption/ product performance, Cost reduction, making suitable Grinding aid depends on clinker mineralogy to enhance cement performance in concrete applications. Training of Cement plant/marketing & technical personals in Cement industry. New product development, etc Quality audit for cement Plants and suitable remedies and implementation to overcome problems faced.

“CONSTRUCTION PLANNING & METHODS FOR HIGH RISE BUILDINGS”

By: Er. Nagaraj Keladi Gundajois
Project Director in USD 21 billion Larsen & Toubro conglomerate B&F IC

About Er. Nagaraj Keladi Gundajois is Project Director in USD 21 billion Larsen & Toubro conglomerate B&F IC. He is a civil engineer with post graduate qualification in finance management from Adam Smith University (USA) holding technical expertise in construction industry for over 32 years. He is credited for successfully executing a wide spectrum of projects that include residential, industrial and infrastructure projects from concept to completion, in various locations including South, North, North Eastern parts of India and Bhutan. He is also a Chartered Engineer, Fellow of Institute of Technical Arbitrators, Approved Valuer and Lead auditor LRQA. His domain expertise in Planning / Execution and management has insight about forecasting strategies that elevate him to higher responsibilities. He is also awarded with the honor of Academic Excellence (MEN) during Global Alumni functions at JNNCE Shivamogga and has been facilitated as a Chief Guest in CONSTRO inaugural event.

TALK ON :
'GOAL SETTING AND EXECUTION'

By: Ms. Nidhi Prakash,
co-founder of 'Greenhouse cafe Lucknow'

About Er Nidhi Prakash: After working for a decade in Multinationals (Doka, Lafarge Holcim group) and Indian MNCs in the construction industry, Nidhi hit upon an insight that while the industry had a lot of talented people, quite an effort still needs to go into working with them when it comes to life transformation and coaching. Since early this year she has been doing a series of short transformation videos which focus on practical aspects of managing life. Be it comes to goal planning and achievement, handling crunch situations. The viral success of these videos and the fact that she herself, being an engineer and MBA from reputed institutes, had to immerse herself into these concepts made her sure that degrees don't make up for a life coach. Like our health coach helps us take decisions towards our health, and luckily our life coach doesn't need to be anyone else but our better selves. So join me for a session on doing things better.

28th August 2020, Friday, time: 4.00 pm

INVITATION FOR THE LAUNCH

28th AUGUST 2020, TIME - 4PM (IST)

INDIA'S FIRST & BIGGEST 3D INFRA TECH INT'L EXPO 2020
2nd - 5th OCTOBER 2020

Chief Guest

Er. Vinay Gupta
President
Indian Concrete Institute

Guest of Honour

Er. S. Suresh
Vice President
Indian Concrete Institute-South

It is a matter of great pride for us to invite at the India's first & biggest 3D INFRA TECH INT'L EXPO 2020 jointly organized by Futurex Trade Fair and Events Pvt. Ltd. and Indian Concrete Institute, Bangalore Centre which is schedule to be held from 2nd - 5th October 2020.

Infrastructure sector is a key driver for any country economy, the sector is highly responsible for propelling overall development with focusing on Govt. initiating policies for a creation of world class infrastructure in the country. It includes Bridges, Roads, Highways, Dams, and Urban Infrastructure development.

This expo has been conceptualized and created to provide exhibitors from all over India & world demonstrating and displaying products, equipment & Services used for Infrastructure development. 3D Expo would be the right platform for all the stakeholders of construction Industry to showcase core Indigenous capacities and also to seek opportunities for collaborations to enhance capacities and market reach.

INDIAN CONCRETE INSTITUTE
BENGALURU CENTER, KARNATAKA
GCEM – ICI Student Chapter

**CORDIALLY INVITE YOU FOR THE
WEBINAR
ON 8TH SEPTEMBER 2020, TUESDAY 11.00 AM - 12.30 PM
ON TOPIC OF
“DURABILITY OF CONCRETE STRUCTURES”**

BY: DR S K DHAWAN,
Former Chief Engineer, CPWD and Arbitrator, Delhi High Court.
He holds M Tech in structural engineering from IIT, Delhi.
Master in Management in Urban Development from Birmingham University, UK, Master in
Public Administration from Indian Public Administration, Delhi,
M.Phil. in Project management from Punjab University and obtained
PhD in structural engineering from IIT Delhi.
Worked for over 40years with the Govt. of India in Planning, design and construction of roads, buildings and
bridges in various parts of the country.
Fellow member of various professional institutions in India, member of the Association of British scholars
and member of American Association of civil engineers.
Life time Achievement Awardee by Indian Concrete Institute, Won several prestigious Awards like Bharat
Jyoti, Glory of India and Best citizen of India Award conferred by former Hon. Governor Shri Bhisham
Narain Singh, Life time achievement award from Institution of Engineer, Delhi Centre and Best Alumni
Award from Indian Institution of Engineers.

WEBINAR SERIES -55:

17th September 2020, Thursday, time: 11.00 am – 12.30 pm

JSW CEMENT LTD : WEBINAR SERIES-10

In Association with

Indian Concrete Institute-Bengaluru Centre

Expert Webinar Lecture on:

**“Sustainability Potential of Slag Based
Concrete Systems”**

Join webinar on:

Thursday, 17th September 2020, time: 11.00 am – 12.30 pm

Prof. Ravindra Gettu,

Dean, Industrial Consultancy and Sponsored Research,
and V.S. Raju Chair Professor,
Department of Civil Engineering
Indian Institute of Technology Madras.

About Speaker: Prof. Ravindra Gettu is the Dean, Industrial Consultancy and Sponsored Research, and V. S. Raju Chair Professor in the Department of Civil Engineering, at IIT Madras. He is a Fellow of the Indian National Academy of Engineering and of the Reunion Internationale des Laboratoires at Experts des Materiaux, Systems de construction et Ouvrages (RILEM) – the International union of laboratories and experts in construction materials, systems and structures. He is presently the President of RILEM (2018-21). He is a recipient of several notable awards and recognitions, has authored about 500 articles and guided several students for their doctoral and masters theses. His current research interests are in fibre reinforced concrete, sustainability assessment, the effective use of chemical admixtures, concrete technology, and the mechanical characterization of construction materials.

“SUSTAINABILITY POTENTIAL OF SLAG BASED CONCRETE SYSTEMS”

By Prof. Ravindra Gettu,

JSW Cement Ltd - Presentation by: By Er. G. Hari Prasad Rao,

In Association with: JSW Cement Ltd : Webinar Series-10

INDIAN CONCRETE INSTITUTE BENGALURU CENTRE, KARNATAKA

WEBINAR SERIES -56:

19th September 2020, Saturday, time: 11.00 am – 12.30 pm

JSS MAHAVIDYAPEETA, MYSURU
JSS ACADEMY OF TECHNICAL EDUCATION, BENGALURU
DEPARTMENT OF CIVIL ENGINEERING
In association with
INDIAN CONCRETE INSTITUTE, BENGALURU CENTRE

ORGANISING WEBINAR ON
Smart and Sustainable Cities in India,
(Issues and Challenges)

Date: 19th September 2020, Saturday. Time: 10:30 AM - 12:30 PM

Speaker :

Prof. M.N Sreehari
Chief Executive Officer,
M/s CIE & M/s TECS,
M C LAYOUT, Vijayanagar, Bangalore 560040.

Prof. M.N Sreehari has over 42 years of experience as a Professor in Civil Engineering (Transportation). He has been actively involved in research since 1976 & published over 110 research papers in various international journals, conferences & seminars. During this period he has authored 12 text books in engineering covering basics for engineering students.

He has worked as traffic engineering advisor & consultant to several corporate large scale builders in India for their various projects. He has supervised over 1800 projects related to traffic, transportation & infrastructure, Traffic impact assessment and road safety. At the same time he has delivered more than 980 technical lectures at various institutions in India & abroad.

In the year 2004, he became the advisor to Government of Karnataka, for Traffic, Transportation & Infrastructure & an expert member to Bangalore infrastructure development. Prof. Sreehari, is member to more than 12 professional bodies like Institution of Engineers (IE), Indian Roads Congress (IRC), Indian Road Transport (IRT), Indian Society of Technical education (ISTE) and several others. He has been an advisor to Government of Maharashtra and Government of Goa for MONO RAIL project and Road connectivity works under JnNURM schemes respectively and advising the Chief Ministers.

He is presently advising National Highways Authorities of India for Road Safety Initiatives. He has conducted Road Safety Auditing for more than 50 National Highways in India as a Road Safety Expert. Presently he is associated in writing Road Safety Manual and advising Allied Boston Company for initiating ISO & Road Safety requirements for PWD's. Presently engaged in the development of Smart cities, Smart Temple Towns and Smart mobility plans in India. Besides this, Cochin Smart City in 2013, Zuari City in Goa in 2014 and Yenmiganuru-AP as a Smart Town in 2014 and Sri Kshetra Dharmasthala as Smart Temple Town.

Prof. M.N Sreehari has received several awards & honours such as, Best Engineer for Bangalore (2000), Man of the year for India (2009), Karnataka Padma Bhushana award from the State Government (2008), Honored by State Government for best engineering services (2000), & many more. In the year 2000 he started Consortia of Infrastructure Engineers, serving consultancy services in traffic & transportation engineering & has been the Chief Executive Officer of this organization presently.

Dr Sharvil Alex Faroz,
Founder CEO, Infrastructure Risk Management **IRM**,
Mumbai, India.

About Speaker: Dr. Sharvil Alex Faroz holds a PhD in structural engineering from IIT Bombay. He is founder of, “Infrastructure Risk Management”, a company, to help bridge owners avoid unexpected failures by analysing their Remaining-Life and proactively implementing Service-Life Extension strategies. After the Gokhale bridge collapse in 2018, Dr. Sharvil has worked with Central Railway for the Rapid Vulnerability Assessment of 157 bridges. He has published 17 journal papers and now writing a book on 120 years Maintenance-Free Life for marine bridges. He has been a speaker at 2 International platforms, thrice delivered live telecasts and deliberated on 13 National forums to share his technology with the authorities. Dr. Sharvil is evolving with infrastructure projects of Remaining Life Analysis, Target Life Rehabilitation and providing Maintenance-Free Life for new bridges. He is active on linkedin and connects with motivated people and clients. You can visit his company at www.IRM365.in

ENTREPRENEURSHIP FOR ENGINEERS

Speaker: Er. K. K. Prasanna,
General Manager & Head design initiative,
EDRC, B&F IC, Larsen & Toubro Limited - Construction, Chennai
ABOUT SPEAKER: Er. K. K. Prasanna Kumar holds a Master's degree in Structural engineering. He has 25 years of experience in design of EPC projects specially Airports in India and abroad. Currently he is heading Design initiatives on building and factories-Fast tract project division, Chennai. He has designed three major airports: Bengaluru International Airport, Delhi International Airport (terminal 3), Salalah Airport in Sultanate of Oman. He has designed other stream of building and infrastructure projects like cement plants, factories, housing and industrial buildings. His expertise are RCC, Steel, Pre-cast, Pre/Post-tension, Composite, Fabric, Façade, Standing-Seam roofing, Column-free large halls, Silos, Seismic and dynamic application and delivered "Integrated and multi-disciplinary design" including Functional, Aesthetics, Structural, Serviceable, Durability requirements, NFPA Life safety, Thermal, Fire & Acoustic requirements, Constructability, Accessibility & Maintainability. He has published many international journal publications.

National Webinar on "Damage Assessment & Infrastructure Monitoring"

Under IQAC-DSATM
on 20th November 2020
11:00 am Onwards

About the Speaker

Dr.M.N.Hegde Retired Professor & Dean Academics @ Dr.AIT, Bangalore is an Expert Professional in the Field of Structural Design & Service Life Monitoring. Former chairman ACCE(I) & Secretary ICI-BENC. He is an AICTE Expert Member for EVC visits, AICTE New Delhi. Dr.M.N.Hegde is a member of BOS & BOE in reputed Engineering Colleges and reviewer in ACI. He has delivered 58 technical lectures. He is a Professional member of ISTE, IRI, ICI, ISET, ACCE (I), ISAMPE & INSTRUCT. He has 32 International journals as Author to his credit.

EXPERT SPEAKER
Dr.M.N.Hegde
Independent Consultant
(Integrated Life Cycle Design of Structures,
Performance & Service Life Prediction of Structures)

About the Webinar

The webinar is aimed to help academicians and industry professionals understand and apply the Causes of Failures, applications of Sensors In Structural Health Monitoring to Improve the Serviceability & Life Cycle of Structural Members. The webinar Shall also Cover the aspects of Structural Repair and Retrofitting Measures to Improve the Life Span of a Structures.

is hosting a webinar

on 25th November 2020, Wednesday at 02-30 pm (IST)

Topic

**“Importance of Intellectual Property Rights in
Engineering Education”**

Resource Person

Prof. SANTHOSH M NEJAKAR

Chief Coordinator, IPR Cell,

Department of ECE, DBIT, Bengaluru

Join Webinar on

Registration URL:

<https://us02web.zoom.us/j/8446121262>

Presided By

Sri. B. Bylappa

President, WET, Bangalore

Sri. B. Manjunath

Vice President, WET

Sri. Raghav Bylappa

Secretary, WET

Dr. L R Manjunatha
Chairman, ICI-BENC

Dr. R L Ramesh
HOD-CIVIL, DBIT

Dr. Nataraj KR
Dean & Director (R&D)

Dr. Hemadri Naidu T
Principal, DBIT

E-Certificate will be issued to all attendees....

For any queries, Contact coordinator:

Prof. Rukmini, IPR Coordinator

is hosting a International Webinar

on 31st December 2020, Thursday at 11-00 am (IST)

Topic

“Smart Cities and it’s Technology”

Eminent Speaker:

Ar. Jyothi Gupta

**Geo Spatial Data Scientist,
Smart Cities & Urban Analytics,
UCL CASA, London, UK**

Jyothi is an Architect, Geospatial Data Scientist, and Smart City leader with more than 14 years of work Experience in the construction industry. She has a master's degree in Smart cities and Urban Analytics from the University College London, Centre for Advanced Spatial Analysis (CASA), UK.

Jyothi is part of the international client and market development as Sales intelligence Analyst at Compass Group, London, UK. She was the first SPOC first for all the CRM users in 45 Countries.

Prior to UCL, she was worked with LOCUS Architect & Planners, L&T Construction, Synergy, NCBS & Cognizant. Also she has handled Project Management in India for Tech Mahindra, Flipkart, Mercedes-Benz, etc.

She has Presented more than 12 Papers on Smart Cities & Spatial Networks etc., She is also a visiting Professor at Christ, lavasa Campus, CMS Jain University, Oxford School of Architecture and Impact School of Architecture.

Also, she has been awarded as 50 most impactful Smart Cities Leader (Global listing) from World CSR congress

Themes

- Precast Concrete Technologies
- Green Building Materials & Eco-friendly Construction
- Waterproofing System
- Innovation in Rehabilitation & Restoration
- Smart Materials in Special Concrete – Geopolymer etc
- Equipment for Production of Special Concrete
- Admixtures for Production of Special Concrete in RMC
- Quality Practises & Testing of Concrete Making Materials
- Heritage Structures & Renovation Technologies
- Artificial Intelligence in Construction Industries
- PerVIOUS Concrete & Decorative Concrete
- Formwork for Concrete Construction & Detailing of Reinforcement – Readymade Steel, etc.

KEYNOTE SPEAKER

Topic: "Emerging Construction Systems for Mass Housing & Technology Transition through Light House Projects"

Dr. Shailesh Kr. Agrawal,
Executive Director, Building Materials and
Technology Promotion Council,
Ministry of Housing & Urban Affairs,
Government of India, New Delhi

PRESENTATION

Topic: "JSW Cement & Sustainable Construction"

Er. Lopamudra Sengupta
Vice President - Technical Services
M/s. JSW Cement Limited, Mumbai

INVITED SPEAKERS

Topic: "Durable Aluminium Reinforced Environmentally-friendly Concrete Construction"

Dr. Harald Justnes,
Chief Scientist,
SINTEF Building and Infrastructure
Pb 4760 Sluppen,
7465 Trondheim, Norway

Topic: "Recycling of Construction Demolition Waste"

Er. Kshemendranath,
Managing Director,
Resilient Energy India
Private Limited,
Mumbai

Topic: "Dynamic Behavior of Reinforced Masonry Structures"

Dr. K S Nanjunda Rao,
Chief Research Scientist,
Dept of Civil Engineering
Indian Institute of Science (IISc),
Bengaluru

Topic: "Outside Cement & Steel: C-PC Polymer Composites Based Civil & Structural Engineering Applications"

Er. G H Basavaraj
Managing Director,
Chetana Engineering
Services Pvt. Ltd.
Consulting Engineers -
Technology Consultants
Bangalore.

**Two-Day International Seminar Cum Deminar - LIVE PRODUCT
DEMONSTRATION AND EXHIBITION ON "Alternative Materials and Innovative
Technologies in Concrete Construction" at BMS College of Engineering,
Bengaluru: Participants attended 450**

Cordially Invite You For Webinar
On 31st March 2021, Wednesday from 11.30 AM

Technical talk on “Stabilized Pavements”

By Dr. Ambika Behl,
Ph.D. (IIT Roorkee)
Principal Scientist & H.O.D
Flexible Pavement Division
CSIR-Central Road Research
Institute, New Delhi

Dr. Ambika Behl has done her PhD from IIT Roorkee. She has a work experience of about 15 years. She is a member of BIS committee PCD - 6, IRC Committee H9, Assocham, Bitumen India Forum and Transportation Research group of India. She is actively involved in drafting BIS and IRC codes & specifications. She has authored more than 40 research papers and articles and also serving as reviewer for many national & international journals like ASCE, ASTM, IJPRT, CBM, JPET. She has guided about 17 Dissertations leading to the award of their Masters Degree. She is also a faculty for Academy of Scientific and Industrial Research (AcSIR) since 2015 at CSIR – CRRI. She was awarded with Merit Promotion for her achievements and excellent performance in CRRI. She has a rich experience in Consultancy, Research and Development activities of Highway Sector in the area of Flexible Pavement Materials, Polymer modified asphalt, Warm Mix Asphalt Technology, Recycling of Pavements, Use of waste materials in road construction, Waste plastic Roads.
